The question paper consists of two parts: Part A and Part B

Part A of the question paper consists of 25 objective (multiple-choice) questions of one mark each. There will be a negative mark of \( \frac{1}{3} \) for every wrong answer. You must answer the questions in the question booklet itself.

Part B consists of short and long essay type questions. (A separate answer book is provided)

1. Quine rejects verifiability theory of meaning on the ground that:
   
   A. A sentence has a metaphorical meaning which cannot be verified in terms of sense-experience.
   
   B. Since the meaning of a sentence is essentially dependent on the meaning of other sentences, verification of the meaning of an individual sentence is not possible.
   
   C. The distinction between hidden meaning and surface meaning is not accessible to sense-experience.
   
   D. As the sentence has an absolute truth value its meaning cannot be defined in terms of sense-experience.

2. Plato distinguishes knowledge from mere belief or opinion by saying that knowledge must be a true belief for which one can give a justification, a rationale, or "logos." In terms of his image of the Divided Line, for Plato, knowledge is attained only when our sensible experience is:
