

Workshop on Digitization and its Techniques

by
IGM Library, University of Hyderabad

On August 26-27, 2017

About the University

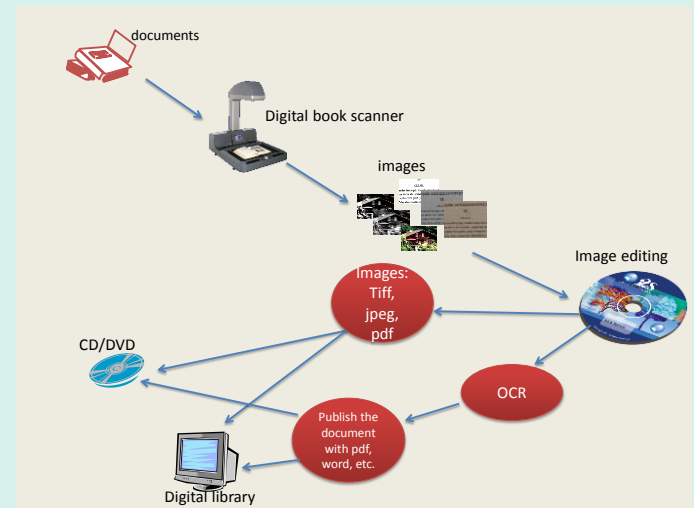

The University of Hyderabad (UoH), one of the major institutions of higher education in India is largely devoted to postgraduate studies and is widely known for its excellence in research and for its distinguished faculty. With 46 different Departments and Centres organized in 13 Schools of study, the University has over 450 faculty and over 5000 students. The University offers close to 150 different programmes of study ranging from doctoral studies to Masters level degrees, as well as a range of post graduate diplomas and short term courses by Distance mode. It also has a thriving Five year Integrated Masters Programme. The University hosts an ever increasing number of foreign scholars in the highly popular Study in India Programme: Grading of A, which is the highest awarded, by the National Assessment and Accreditation Council (NAAC). The University is counted among the top 100 in Asia in many of its academic areas of study.

Indira Gandhi Memorial Library (IGML):

IGM Library is one of the important central facilities of the University catering to the information needs of faculty, research scholars and students. The library also created learning environment by establishing Online Public Access Catalog (OPAC) Searching Area, Internet browsing area for accessing e-resources, Laptop zone with Wi-Fi facility, specialized workstations & software for visually-challenged students. The library with its excellent ICT infrastructure facilities has achieved several distinctions.

About Workshop

As a part of Librarian's Day Celebration at University of Hyderabad library, the Workshop has been proposed on 26th & 27th August 2017. India celebrates August 12 as Librarians' Day to honour Dr S R Ranganathan, father of Library science in India, during the whole month of August every year.

The Workshop is aimed to share the digitization experiences of IGM Library to the participants. The area will be covered under this workshop are; digitization preliminary process/steps involved, different steps in digitization, types of digital book Scanners, scanning techniques, image formats, Image cleaning/editing process, OCR, PDF conversion, metadata standards, issues related to access, copyright, etc. LIS Professionals, Faculty and Students are welcome to register and attend the workshop.

Registration

Free, participant number is limited to 25 only on first-cum-first basis. Limited accommodations are available at our Guest House with nominal charges on prior intimation. Only working lunch will be provided.

ONLINE RESITRATION is must, visit IGM Library web site for registration at <http://igmlnet.uohyd.ac.in:8000>

Venue: IGM Library, University of Hyderabad

Digitization infrastructures/facilities at IGM Library:

- i2s /Zeuschel/ATIZ Digital Book Scanners
- Image editing/cleaning Software
- OCR – Abbey Fine Reader
- Adobe Acrobat Professional
